Re: Jocelyn W. Cowie RMT

To whom it may concern,

I had the good fortune of gaining my 2001 continuing ed. hours from a course taught by Jocelyn W. Cowie RMT on May 12, 2001. Ms. Cowie is an approved Washington instructor and her course titled "Soft Tissue Lesion Diagnosis" included in-depth instruction in palpation skills, lymphatic drainage, de-mystification of the inflammatory process and its key role in lesion formation. In addition she demonstrated hands-on treatment techniques for specific maladies. The 16 credit course provided concise handouts, charts and bibliography.

Ms. Cowie's depth of understanding, teaching skills and commitment to excellence is proven by her successful dissemination of the information, her private massage practice, as well as the professionals she has taught who are now using the skills learned in her courses.

I highly recommend her as her work deserves to be known as widely as possible. Please contact me with any questions or if you wish to know more.
